

THARO

PA500w

PRINTER/APPLICATOR

From the creators of EASYLABEL®, comes the Tharo PA500w Printer/Applicator... the ideal Print & Apply System for accurate, moderate to high speed labeling to the top or side of a product.

Built-in Efficiency and Versatility - The wipe-on brush assures proper application to smooth, flat surfaces as well as uneven surfaces. You can apply labels from 3" x 1" to 4.5" x 7" to a variety of items, including cartons, tray and blister packages, bags and cans.

Easy to Use - The compact PA500w is simple to operate. You can quickly setup and changeover the PA500w for top apply or side apply. The PA500w also integrates easily into existing production lines and packaging systems.

Exceptionally Fast - The Tharo PA500w Printer/Applicator can apply over 100 labels per minute. *Label size and application dependent.*

Accurate - Placement accuracy is assured by the printer's stepper motor control. The PA500w is delivered with a product sensor and controller to control the triggering of the applicator for positioning a label on a product. *Accuracy is label size and application dependent.*

Economical - With minimal training, quick integration and increased productivity, the PA500w is an inexpensive solution for your demanding labeling requirements. Since the system is all electric, there is no need for compressed air, which makes the PA500w an excellent money saver!

Rugged - The PA500w was built to last with time-tested components. With rugged dependability, the PA500w provides accurate and worry-free operation with maximum up-time and low maintenance.

State-of-the Art Printing Performance - The Tharo thermal/thermal transfer label printers print with 203 or 300 dpi resolution while incorporating advanced label handling capabilities.

Easy to Service - With few moving parts, the PA500w is easy to service and our reliable, after-sales customer service provides you with excellent technical support.

OPTIONS

Warning Beacon

The warning beacon functions as a visual display for applicator and printer errors.

Hand Cranked Height Adjustable H-base Stand

Allows for extremely precise height adjustment, while providing stability, and allowing the PA500w to be used with a conveyor or other automated system. Locking casters are available for the stand.

External Unwind/Rewind

Accommodates up to 14" OD roll of label stock and allows for quick replacement of media, which helps keep downtime to a minimum.

APPLICATOR SPECIFICATIONS

Minimum Label Size:

3" x 1" (76.2mm x 25.4mm)

Maximum Label Size:

4.5" x 7.0" (114.3mm x 178mm)

Placement Accuracy:

±0.125" (3mm)

Speed:

Over 100 labels per minute

Weight of Applicator with table:

20lbs (9.07kg)

Weight of Stand:

95lbs (43kg)
