

Marktec Products, Inc. is a profitable 36 year young industrial distributor that is customer-driven. We help our customers succeed by providing them with smart choices and then the best overall solution for their specific marking, labeling, and packaging needs, whether automated or manual.

We partner with manufacturers who are technological leaders in their field, who are innovative in their software capabilities and equipment design, and who consider quality improvement as a continuous process. We couple that with knowledgeable technical sales expertise based upon years of experience, high level technical field support including installation, repair, and equipment demonstrations with excellent administrative support. **Call us today toll free at 800-627-5832.** Our goal is to create lasting relationships with our customers. We accomplish this by supplying the right equipment for your specific application and then supporting it with superior technical and administrative services, parts, and supplies to give you the best value for your investment.

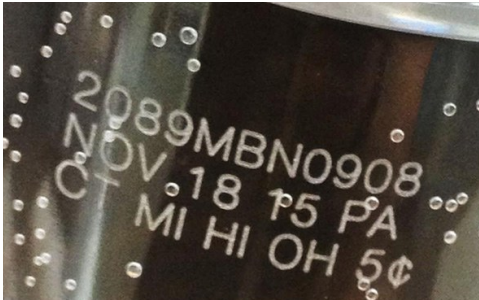

**Bill Cox, President/CEO**
