

Large Character Printing and Fault Detection Ink Jet Fluids

Ink Jet Fluids That Meet Or Exceed OEM Standards

- Exacting filtration standards eliminate more particulate matter than OEM inks
- ISO 9001 manufacturing standards ensure consistent formulations
- Protected by the industry's only comprehensive warranty
- Printhead cleaning program for guaranteed performance.
- Delivery within three working days on most orders
- Custom formulations available on request

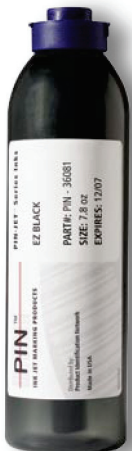

The Industry's Best Warranty

The inks and related fluids we supply for use in non-impact coders and printers are carefully selected and undergo extensive laboratory performance analysis prior to introduction. PIN warrants its products are free from defects in material and workmanship and will provide full replacement or credit for products which we supply that are defective and returned by the customer.

PIN also warrants that its inks and related fluids will not cause excessive or abnormal wear to the ink jet printer/coder.

This warranty excludes normal wear and tear to the printer/coder.

Clean Up With Reduran®

Reduran® the professional's choice in hand cleaners, is now available from PIN. Formulated especially to remove ink jet dyes from skin, Reduran® is solvent-free, fast-acting and effective.

WE MAKE EVERY ORDER EASY

Product Identification Network (PIN) distributes OEM-quality replacement inks for the InkJet manufacturers, models and inks in the chart below. All PIN high resolution inks are available in convenient 500 ml, 1 liter, and 2 liter direct replacement bottles. Our unique direct replacement cap fits virtually all leading printers for fast, no-mess refills. Custom colors available on request. Contact your PIN Customer Service representative for more information.

Ordering is fast and convenient. Here's how:

1. Find your printer in the chart.
2. Select a PIN replacement ink from the chart.
3. Use PIN order number to indicate your choice of replacement inks.
