## BLUETOOTH TIJ INK JET PRINTER

***Bluetooth Technology, 1" tall seamless print area and bulk inks for complete coding control.***

With a 1" tall seamless print area that doesn't have to be stitched together, MSSC Smart-Jet Max Inkjet Printers are compact, reliable and can be controlled wirelessly via bluetooth technology (no router needed). This innovative coder can print bar codes, QR codes and logos on porous and non-porous surfaces using bulk inks. A large display screen makes it easy to read and simple to operate.

Contact your distributor to order or to see the full line of superior quality MSSC products.
